Street Sweeping will be taking place on May 26th by third party company, Virtue Construction Ltd.. **Please remove all parked vehicles until they have finished cleaning your entire street.**

This annual investment of approximately \$5000.00 has many benefits including removing pollutants and debris from the streets, helping prevent it from impeding drainage and entering into our sewer system.

Did you know?

Elrose Monet Dr Clinic is a Joint Venture between the RM of Monet and the Town of Elrose. Each year both municipalities equally fund the rent of the space in the Health Centre, the medical supplies required at the clinic, any office supplies or equipment needed, as well as, the wages for the staff to run the Clinic. We are very fortunate to have the doctors come out each week to serve our community and surrounding area.

Reminders

- **Waste and Recycle Cart Placement** - when setting out your carts for pick up please remember they need to be out quite far (10ft from center of the street) and they must be 2 to 3 ft. away from another cart, parked car etc...
- The Uniplex Pool is now open! Check out the ***Elrose Uniplex Pool*** Facebook page for the pool schedule, swimming lessons, updates etc...
- Please remember that pets must be picked up after at all times, this includes on the school property, sports grounds and on private property. Thank you.

Thank you
